NATIONAL SAFETY NEWS

Index to Vol. 78 July-December, 1958

And incorporating the index to The Journal
of the American Society of Safety Engineers

Compiled by the Library of the National Safety Council

Absenteeism

One city's view of off the job accident costs (Off the job). July, 102.
Realistic medical evaluations (Gallivan). Dec., 61.

Absorbents

Study standards on floor absorbents. Dec., 48.

Accident costs, see Economics of safety.

Accident statistics

The accident barometer. July, 6; Aug., 46; Oct., 8; Nov., 58; Dec., 12.
Accident facts for the first eight months of 1958. Dec., 52.
Announce accident drop as 46th Congress opens. Nov., 24.
Attitudes and accidents (Hannafor). Nov., 22.
Battle of the sexes (Small business and associations). Sept., 28.
1958 Accident Facts available (What's new in NSC services). Sept., 81.
Occupational safety goals of a free society (Cordiner). July, 16.
Public Health Service issues preliminary report on people injured in U.S.
between July and December, 1957 (Wire from Washington). July, 121.
Traffic fatalities on national birthdays of U.S.A. and Canada (The safety
valve). Aug., 6.
Tragic facts, about 95,000 accidental deaths (Recht). Sept., 20.

Accident statistics - Methods

Disagrees with "diary" (Voice of the reader). Aug., 10.
Indirect and direct costs of accidents (Consultation corner). Aug., 33.
Shorter, simpler form for reporting accidents (Off the job). Dec., 64.

Accidents

The need for a theoretical framework in the study of accidents (Rockwell).
(ASSE Jour., Aug., 45).

Acetone - Fire hazard

Their toughest construction job (cleaning steel pipe) (Fox). Nov., 134.

Acetylene gas

Blow torches and plumbers' furnaces (Data sheet D-470). Nov., 49.

Aeronautics

Air-Coordinating Committee to study prevention of air collisions, major
actions laid out (Wire from Washington). July, 12.
Airline passengers carry fire hazards. July, 50.
Alpha radiation hazard (News briefs). Nov., 19.

Aeronautics (cont'd)

CAA amends technical standard orders to relax its minimum performance standards for fire detectors used in civilian aircraft (Wire from Washington). Nov., 73.

President urges establishment of Federal Aviation Agency to control both military and civilian aviation (Wire from Washington). Aug., 14.

Quicksilver--quick loss (News briefs). Sept., 17.

S. 3880 to create a Federal Aviation Agency passed by Senate and House in amended form (Wire from Washington). Sept., 14.

Tragic facts, about 95,000 accidental deaths (Recht). Sept., 72.

Wire from Washington (Rosenfield). July, 12; Aug., 14; Sept., 14; Oct., 12; Nov., 73; Dec., 44.

Aging and injury experienc

Safety for our senior citizens (Paper). Aug., 20.

Air pollution

Air contamination watched (News briefs). Sept., 17.

Fibrous glass dust (Industrial health). Oct., 150.

Filters your smoke (News briefs). Sept., 17.

Incinerator cuts pollution (News briefs). Dec., 17.

National Conference on Air Pollution to set up 10-year plan of action in research and control activities on air and water pollution (Wire from Washington). Nov., 8; Dec., 46.

Surgeon General calls air pollution conference. Nov., 140.

Air supply

Check air supply in any enclosed area (News briefs). Dec., 17.

Alcohol and company parties

Holiday spirit(s) (The safety valve). Dec., 10.

Those office parties. Dec., 21.

Alpaugh, E. L.

Industrial health, abstracts of current literature on occupational hygiene, medicine, and nursing. Aug., 48; Sept., 31; Oct., 150; Nov., 54.

Andrews, Bill

Diary of a safety engineer (fiction). July, 20; Aug., 27; Sept., 29; Oct., 118; Nov., 12; Dec., 20.

Arm, David L.

Introduction to discussion period (preliminary remarks to presentation of paper at Brussels congress) (ASSE Journal). Nov., 55.

Arm, David L. and Glenn F. Griffin

Safety training for foremen. (ASSE Jour., Nov., 50).

Around the compass (Lofgren). July, 8; Aug., 17; Sept., 36; Oct., 166; Nov., 60.

Associations

Section representatives work with associations (Small bus. and assn.). Dec., 14.

Small business and associations (Baltzer and Curry). Monthly department.

Associations (cont'd)

Trade associations aid industry (Small business and associations). Aug., 42.
What's behind an association program? (Small business and associations).
July, 42.

Associations

American Chemical Society -- Strontium 90 widespread (News briefs). Dec., 17.
American Gas Association -- AGA achievement awards (Small bus. and assn.).
Nov., 6.
American Public Health Association -- APHA appointments. Oct., 204.
American Rocket Society -- ASME, Rocket Society to meet separately. Nov., 156.
The American Society of Mechanical Engineers -- ASME, Rocket Society to meet
separately. Nov., 156.
Contractors, Plasters and Lathers International Association -- A safety mile-
stone (Small bus. and assn.). Nov., 6.
Folding Paper Box Association -- New safety guide published for supervisors
(Small bus. and assn.). Oct., 162.
Manufacturing Chemists' Association -- Tribute to G. L. Gorbell, retiring
chairman of safety committee (Small bus. and assn.). Nov., 6.
National Bureau of Standards -- Corrosion of buried metal. Nov., 30.
National Fire Protection Association -- Extinguishers must pass these tests.
July, 60.
A guide for the organization of fire safety in modern industrial establish-
ments, cited as aid in plant programs. July, 65.
Henry G. Thomas heads NFPA. July, 49.
Keeping floors spark-free (Brenn). Dec., 28.
NFPA appointments (Personals). Nov., 137.
National Concrete Masonry Association -- Solid public relations (Small business
and associations). Nov., 6.
National Plant Food Institute -- Association backs safety training (Small
business and associations). Oct., 164.
New York State Hotel Association -- Association conducts its own safety contest
(News briefs). Aug., 59.
Portland Cement Association -- PCA qualifies for association safety award again
(Small bus. and Assn.). Dec., 14.
Western Oil and Gas Association -- Again, safety pays (Small bus. and assn.).
Nov., 6.

Atomic power

AEC assures of safety in regard to accidental detonation of atomic bombs, and
also in shipment of nuclear material (Wire from Washington). Nov., 8.
Nuclear safety considerations in the processing of fissionable material
(Solon). (ASSE Jour., Nov., 61).
Occupational safety goals of a free society (Cordiner). July, 131.
Pressure-sealed locks guard atomic plant. Nov., 42.
Their toughest construction job (Fox). Nov., 20.
Top safety record (News briefs). Sept., 17.

Attitudes, see Psychology.

Automotive industry

Selection, training, placement--policies and practices in the automotive
industry (A National Safety Council survey). Sept., 18.

Awards

AGA achievement awards (Small bus. and assns.). Nov., 6.
Arthur Williams medal won by William P. Yant. Oct., 179.

Awards (cont'd)

Department of the Army, Atomic Energy Commission win President's Safety Award for safeguarding civilian workers (Wire from Washington). Aug., 14.
Fifteen railroads win Harriman awards. Oct., 186.
Selection, placement, training (NSC member survey). Sept., 78.
7 years, 11 awards. Nov., 32.
Solid public relations (Small business and associations). Nov., 6.

Awards - National Safety Council

AGA achievement awards (Small bus. and assn.) Nov., 6.
89 new prizes for Ideas. Aug., 35.
For distinguished service. Aug., 50; Sept., 56; Oct., 172; Nov., 108; Dec., 73.
1958 association award winners (Small business and associations). Sept., 28.
PCA qualifies for association safety award again (Small bus. and assn.). Dec., 14.
Postmaster General Arthur E. Summerfield accepts the National Safety Council's Traffic Safety Citation Award for 1957. Aug., 50.
The President's Medal, some case histories. Aug., 56.
7 years, 11 awards. Nov., 32.
Small business and associations received plaques during the 1958 Congress. Dec., 92.

Baltzer, A. M. and John T. Curry

Small business and associations. July, 42; Aug., 42; Sept., 28; Oct., 162; Nov., 6; Dec., 14.

Beryllium hazards

Inert gas shielded arc welding (Data sheet D-469). Sept., 39.

Beta rays

Announce standard on isotope safety. Oct., 191.

Blow torches

Blow torches and plumbers' furnaces (Data sheet D-470). Nov., 45.

Boilers

Watch old boilers (News briefs). Nov., 19.

Book reviews

American Industrial Hygiene Association -- The industrial noise manual. Sept., 44.
Calhoun, Richard P. and others -- Cases on human relations in management (The safety library). Oct., 170.
Davidson, Robert L. -- Successful process plant practices. Sept., 46.
Davis, Hallowell -- Effects of high intensity noise on naval personnel (The safety library). Oct., 170.
Form, William H. and Sigmund Nosow -- Community in disaster. July, 98.
Hazlett, T. Lyle and William H. Hummell -- Industrial medicine in western Pennsylvania, 1850-1950 (The safety library). Oct., 213.
International Labour Office -- Safety and health in dock work. Sept., 44.
National Bureau of Standards -- Safe design and use of industrial beta-ray sources. Nov., 96.

Book reviews (cont'd)

Patty, Frank A., editor -- Industrial hygiene and toxicology. 2nd rev. edition. Volume 1: General principles. Dec., 68.

Proceedings of the 12th International Congress on Occupational Health, Helsinki, Finland, 1957. In 3 volumes. Dec., 68.

Box industry

New safety guide for supervisors (Small business and associations). Oct., 162.

Boy Scouts - Safety Good Turn

California Scout program announced (Around the compass). Oct., 222.

Chautauqua Scouts were prepared. Aug., 26.

From the Boy Scouts (Voice of the reader). (Helwig). Oct., 148.

Scouts plan for holiday good turn (Around the compass). Oct., 223.

Brenn, J. L.

Keeping floors spark-free. Dec., 28.

Brussels- 2nd World Congress on Occupational Safety

Safety training for foremen (Arm and Griffin). (ASSE Jour.). Nov., 50.

Buildings

Perils in a winter wonderland (pre-winter check list for industrial fire protection). Nov., 116.

Scaffolds for building demolition. Aug., 36.

Sequel to disaster. Oct., 14.

Burns - Chemical

Bromine (Data sheet D-313, revised). Oct., 119.

Cadmium fumes - Health hazards

Inert gas shielded arc welding (Data sheet D-469). Sept., 38.

Calendar contest winners. Aug., 98; Oct., 219; Nov., 146; Dec., 52.

Carbon monoxide

Perils in a winter wonderland. Nov., 26.

Carbon tetrachloride

Solvents--safety and otherwise (Poliakoff). Sept., 33.

Carroll, Connor

Hamburger--without hazard. Nov., 36.

Cartoons

"Bert." Nov., 50; Dec., 83.

The lighter side. Nov., 31.

Count the hazards (Ideas that worked). Nov., 41.

Casey, Raymond J.

Why automatic sprinklers? July, 30.

Cavitation

Silent sound chases dirt. Oct., 106.

Cement industry

- Another success story (Small bus. and assns.) July, 42.
- PCA wins Association Award again. Dec., 14.

Chemical industry

- A safety staff in action. Nov., 28.

Chemicals

- Bromine (Data sheet D-313, revised). Oct., 119.
- Looking over the plastics (Yarnall). Oct., 108.
- Offer wall chart on chlorate handling. Nov., 68.
- Solvents--safety and otherwise (Poliakoff). Sept., 33.
- Their toughest construction job (Fox). Nov., 134. (Cleaning pipe with solvent).
- War on weeds. July, 38.

Chicago, Illinois

- Flick-Reedy hits off-job accidents through Chicago's Driver Improvement School course for employees. Aug., 22.
- Map of Chicago Loop and near Loop. Oct., 101.

Child safety

- Booklet evaluates school safety materials. Oct., 194.
- Let's help our teen-age rocketeers (Gartner). Aug., 30.

Christmas, see Holidays

Civil defense

- Six plans for survival (Metz). Oct., 104.

Clothing

- Bromine (Data sheet D-313, revised). Oct., 122.
- Colored signal gloves (Ideas that worked). Sept., 35.
- Haberdashery for hot jobs. July, 32.
- Keeping floors spark-free. Dec., 28.
- Tailored for safety. Oct., 113.
- Their toughest construction job (Fox). Nov., 134.
- See also Head protection; Shoes.

Clubs

- New club to promote foot protection. Dec., 102.
- Two Washington Natural Gas Company employees become members of the Seattle Wise Owl Club (Around the compass). Aug., 17.

Coatings

- Corrosion of buried metal. Nov., 132.

Cobalt

- Those versatile radioisotopes (Comproni and Karp). Oct., 111.

Cobb, Allen L.

- Integration can help fire and safety services. July, 24.

Color

- Color-coded domes (News briefs). Dec., 17.
- Colored signal gloves (Ideas that worked). Sept., 35.
- Tailored for safety. Oct., 142.
- Toward a brighter world (The safety valve). Sept., 8.
- Value of color (News briefs). Nov., 19.

Committees

- Breaking par on the safety course. Nov., 35.

Communication

- Report of a pilot research project on mass communication, distributed to group of President's Committee for Traffic Safety (Wire from Washington). Sept., 14.
- Telling the people (taking the NSC Congress to your living room). Dec., 30.
- See also Signs and signals; Radio and TV; Visual education.

Community safety councils

- Around the compass (Lofgren). July, 8; Aug., 17; Sept., 36; Oct., 166; Nov., 60.
- Southern managers meet at conference (Around the compass). Aug., 17.

Community Safety Councils - Cities, counties, states

- Baton Rouge -- Earnest G. Miller named interim director for Baton Rouge (Around the compass). Nov., 60.
- Caddo Bossier -- Louisiana Council prepares leaflet (Around the compass). Nov., 60.
- Jamestown -- Chautauqua Scouts were prepared. Aug., 54.
- Long Beach -- Stanley J. Kelso named new manager at the Long Beach Safety Council. Nov., 60.
- Minneapolis -- One city's view of off the job accident costs (Off the job). July, 102.
- Mississippi -- Mississippi chooses as manager Charles H. Fulghum (Around the compass). July, 8.
- New Jersey -- Lloyd M. Felmy elected president of New Jersey State Safety Council (Around the compass). Sept., 36.
- North Dakota -- Earle F. Tucker newly-elected president of N. D. State Safety Council (Around the compass). Aug., 17.
- Ohio -- Council names new manager, Neil Collins; H. G. J. Hays resigns. Oct., 166.
- Seattle-King -- Seattle holds family clinic on driving (Around the compass). July, 62.
- Two Washington Natural Gas Company employees become members of the Seattle Wise Owl Club (Around the compass). Aug., 17.
- Worcester (Mass.) -- Traffic safety program (Around the compass). Sept., 36.

Comproni, E. M. and William Karp

- Those versatile radioisotopes. Oct., 110.

Conferences

- AGA achievement awards (Small bus. and assns.). Nov., 6.
- ASME, Rocket Society to meet separately. Nov., 156.
- Again, safety pays (Small bus. and assns.). Nov., 6.
- Big doings in Texas (Small bus. and assns.). Oct., 164.
- Coming events in the safety field. July, 94; Aug., 44; Sept., 10; Oct., 174; Nov., 104; Dec., 59.

Conferences (cont'd)

Legislative conferences set for fall (Around the compass). Oct., 166.
National Conference on Air Pollution to set up 10-year plan on action in research and control activities on air and water pollution (Wire from Washington). Nov., 8.
Noise symposium to be held in Chicago. Oct., 189.
North Dakota holds state conference, and passes four resolutions (Around the compass). Aug., 17.
Reaching small business (Small bus. and assns.). Dec., 14.
A safety milestone (Small bus. and assns.). Nov., 6.
Small employers don't care (Small bus. and assns.). July, 42.
Surgeon General calls air pollution conference. Nov., 140.
What's been going on in Washington? A summary of the year's activities in safety (Wire from Washington). Dec., 46, (includes areas of discussion of the President's Conference on Occupational Safety).
See also National Safety Council - Congress.

Conferences - International

Safety training for foremen (Arm and Griffin) (ASSE Jour., Nov., 50).
(Brussels meeting)
Study disposal of radioactive wastes. Nov., 102. (Geneva meeting)

Construction

Prepared discussions on safety training for foremen (Goldstine).
(ASSE Jour., Nov., 53).
Scaffolds for building demolition. Aug., 36.
Their toughest construction job (Fox). Nov., 20.

Consultation corner (Smith). Aug., 33; Sept., 12; Oct., 168; Nov., 52;
Dec., 85.

Contests

AGA achievement awards (Small bus. and assns.). Nov., 6.
Breaking par on the safety course. Nov., 123. (Essay contest).
Calendar contest winners. Aug., 98; Oct., 219; Nov., 146; Dec., 52.
Chautauqua Scouts were prepared. Aug., 26.
For flagging interest (Ideas that worked). Dec., 34.
Ideas that worked (Kelly). Aug., 34; Sept., 34; Oct., 116; Nov., 40;
Dec., 34.
New York State Hotel Association conducts its own safety contest (News briefs). Aug., 59.
Selection, placement, training (NSC member survey). Sept., 77.

Cordiner, Ralph J.

Occupational safety goals of a free society. July, 16.

Corrections

Correct author. July, 61.
Micrograms, not milligrams. Oct., 118.

Corrosion

Corrosion culprit caught (News briefs). Sept., 17.
Corrosion of buried metal, a summary of 45 years of research by the National Bureau of Standards. Nov., 30.
Open new lab for corrosion research. July, 108.

Courses, see Training.

Cranes

- Colored signal gloves (Ideas that worked). Sept., 35.
- Crane contacts can kill, but they can be avoided (Sheppard). Oct., 123.
- Crane noise reduced (News briefs). Dec., 77.
- Selection, placement, training (NSC member survey). Sept., 80.

Curry, John T. and A. M. Baltzer.

- Small business and associations. Monthly department.

Cylinders, see Gases - Compressed.

Data sheets

- Blow torches and plumber furnaces. D-470 (revision of former D-300). Nov., 45.
- Bromine. D-313 (revised). Oct., 119.
- Electrostatic paint spraying and detearing. D-468. Aug., 37.
- Gaseous oxygen. D-472. Dec., 37.
- Inert gas shielded arc welding. D-469. Sept., 37.
- Index of data sheets available. Sept., 81.
- Listing of four new data sheets not published in the News. Nov., 127.

Dearborn, Ned H.

- Mr. Dearborn stressed six fundamental needs for the safety movement, in his address at the annual meeting, October, 1958. Nov., 24.

Dearborn, Ned H. (about)

- Honors, tributes to President Dearborn on his approaching retirement. Nov., 24, 25; Dec., 22.

Dermatitis, see Health hazards.

Diary of a safety engineer (fiction) (Andrews). July, 20; Aug., 27; Sept., 29; Oct., 118; Nov., 12; Dec., 20.

Dickinson, John A.

- Prepared discussions on safety training for foremen. (ASSE Jour., Nov., 57).

Digesters - Pulp

- They guard the danger spots. Nov., 39.

Disaster organization plans

- Life or death on a pole top. Oct., 112.
- LIMAC is ready! (Meyer). July, 28.
- Ready to flash emergency messages. Oct., 208.
- Six plans for survival (Metz). Oct., 104.

Diseases

- Give immunization cards for tetanus, doctor urges. Oct., 206.
- Tragic facts, accidents vs. disease (Recht). Sept., 21.
- X-ray case-finding programs in tuberculosis control (Industrial health). Sept., 31.

Drivers and driving

- California Scout program announced (Around the compass). Oct., 222.
- Flick-Reedy hits off-job accidents. Aug., 22.

Drivers and driving (cont'd)

Massachusetts changes rule for students (Around the compass). Sept., 36.
Motorist's prayer (The safety valve). Aug., 6.
Seattle holds family clinic on driving (Around the compass). July, 62.
Winter problems (What's new in National Safety Council services). Oct., 195.

Dusts

Air contamination watched (News briefs). Sept., 17.
Fibrous glass dust (Industrial health). Oct., 150.
Give 'em silicosis (News briefs). Dec., 17.

Ear protectors

Between noise and ears. Sept., 26.

Economics of safety

Compulsory vs voluntary goggle program (Consultation corner). Sept., 12.
Flick-Reedy hits off-job accidents. Aug., 22.
Half-million lives (News briefs). Sept., 17.
How accidents eat up revenue from sales (Small bus. and assns.). Sept., 28.
Indirect and direct costs of accidents (Consultation corner). Aug., 33.
Off-job injuries boost operating costs (Off the job). Dec., 66.
One city's view of off the job accident costs (Off the job). July, 102.
Prepared discussions on safety training for foremen (Dickinson). (ASSE Jour., Nov., 57).
Reasons for accident prevention (In his introduction to discussion period before presentation of prepared discussions on his and Mr. Griffin's paper). (Arm). (ASSE Jour., Nov., 55).
Safety training for foremen (Arm and Griffin). (ASSE Jour., Nov., 54).
Tragic facts, about 95,000 accidental deaths (Recht). Sept., 21.
U. S. fire losses reach new peak. Nov., 106.
What's behind an association program? (Small bus. and assns.). July, 42.
Why automatic sprinklers? (Casey). July, 31.

Editorials

Journal. Aug., 33. Responsibilities.
Nov., 49. Safety as a profession.

News. July, 4. Nothing new.
Aug., 4. Looking for a leader.
Sept., 6. Depreciation.
Oct., 2. It's a race.
Nov., 4. Chain reactions.
Dec., 6. We need Christmas.

Electrical industry

Life or death on a pole top. Oct., 112.
Six plans for survival (Metz). Oct., 104.

Electric shock

Crane contacts can kill, but they can be avoided (Sheppard). Oct., 123.
Electrostatic paint spraying and detearing (Data sheet D-468). Aug., 37.
Powerful helpers, portable electric tools. Sept., 24.

Electricity

- Chart: Safety increased as industry electrified, (1931-1956) (Cordiner). July, 17.
- Inert gas shielded arc welding (Data sheet D-469). Sept., 37.
- Multiple lockout signs. Nov., 29.
- Powerful helpers, portable electric tools. Sept., 24.
- Revise standards for electric outlets. Oct., 194.
- Stop ignition sources in water coolers and vending machines (News briefs). Sept., 17.
- They guard the danger spots. Nov., 38.

Emergencies, see Disaster; Fire protection.

Employees

- Attitudes and accidents (Hannaford). Nov., 22.
- Breaking par on the safety course. Nov., 125.
- Film on handicapped has premiere (Off the job). Nov., 57.
- Flick-Reedy hits off-job accidents. Aug., 22.
- For safer tomorrows (Feldman). Aug., 28.
- Give immunization cards, doctor urges. Oct., 206.
- Realistic medical evaluations (Gallivan). Dec., 32.
- Report cards give employee radiation exposure at Hanford. Oct., 190.
- Safety training for foremen (Arm and Griffin). (ASSE Jour., Nov., 53).
- Says total environment is safety's frontier (Seymour). Oct., 205.
- Selection, placement, training (NSC member survey). Sept., 18.
- Senators study railroad employee safety (Wire from Washington). July, 12.
- 7 years, 11 awards. Nov., 33.
- Six plans for survival (Metz). Oct., 104.
- Their toughest construction job (Fox). Nov., 21.

Employees - Publications

- Breaking par on the safety course. Nov., 1958.
- Hamburger--without hazard (Carroll). Nov., 36.
- No "Moe" accidents ("I'm an angel now" booklet) (Ideas that worked). Dec., 35.

Engineers

- Diary of a safety engineer (fiction) (Andrews). July, 20; Aug., 27; Sept., 29; Oct., 118; Nov., 12; Dec., 20.
- Human behavioral studies can help us educate for safety (Steers). Oct., 184.
- Integration can help fire and safety services (Cobb). July, 24.
- Let's not sell the safety engineering profession short (Packard). Oct., 187.
- Our president speaks on safety (Editorial) (Juli). (ASSE Jour., Aug., 34).

Entertainment

- Holiday spirit(s) (The safety valve). Dec., 10.
- Those office parties. Dec., 21.

Exhibits

- The Congress Exposition, the world's largest display of safety equipment, ideas, products. Sept., 62.
- Safety show case, browsing through the Exposition of the NSC Congress. Dec., 31.

Explosion sources

- Keeping floors spark-free (Brenn). Dec., 28.
- Stop ignition sources in water coolers or vending machines (News briefs). Sept., 17.
- Vapor explosion cost (Fire briefs). July, 44.

Eyes

- Eye cataracts from infrared radiation (Consultation corner). Dec., 85.
- Our guide to real eye protection (O'Neil). Oct., 176.

Federal government, see Safety movement - U. S. government

Feldman, J. M.

- For safer tomorrows. Aug., 28.

Films, see Visual education.

Fire protection

- Air Force's Fire Fighting and Crash Rescue School training techniques. July, 71.
- Annual fire protection issue. July.
- Blow torches and plumbers' furnaces (Data sheet D-470). Nov., 45.
- Extinguishers must pass these tests. July, 60.
- Electrostatic paint spraying and detearing (Data sheet D-468). Aug., 37.
- Fire chief's camera shoots local blazes. Oct., 180.
- Fire problem licked by Lederle. Oct., 102.
- Forest fires held to record low in 1957 (Wire from Washington). July, 122.
- Gaseous oxygen (Data sheet D-472). Dec., 37.
- Haberdashery for hot jobs. July, 32.
- If fixed automatic fire protection equipment freezes. Nov., 120.
- Industrial fire causes (News briefs). Dec., 17.
- Industry's fire fighters go to school. July, 26.
- Integration can help fire and safety services (Cobb). July, 24.
- Latest on fires: "Don't be alarmed" (What's new in NSC services). Sept., 81.
- Manufacturing fires (Editorial). July, 4.
- Open wood pallets fire hazard to storage. July, 57.
- Perils in a winter wonderland. Nov., 26.
- Selection, placement, training (NSC member survey). Sept., 76.
- Six plans for survival (Metz). Oct., 104.
- Snake oil again (Fire briefs). July, 44.
- Sources and types of fire protection and control equipment. July, 73.
- Tailored for safety. Oct., 140.
- Their toughest construction job (Fox). Nov., 135.
- Vapor explosion cost (Fire briefs). July, 44.
- Where there's smoke. July, 40.
- Why automatic sprinklers? (Casey). July, 30.

First aid

- Better than a second stretcher bearer. July, 62.
- Bromine (Data sheet D-313, revised). Oct., 122.
- Give immunization cards, doctor urges. Oct., 206.
- Life or death on a pole top. Oct., 112.
- Position important in resuscitation. July, 96.

First aid (cont'd)

The President's Medal -- three case histories of men who saved lives, and received the medal. Aug., 56.
Six plans for survival (Metz). Oct., 104.

Fish, Carman

The safety valve. Monthly department.

Flags - Green Cross

For flagging interest (Ideas that worked). Dec., 34.

Floors

Keeping floors spark-free (Brenn). Dec., 28.
Study standards on floor absorbents. Dec., 48.
Treat your floors right. Aug., 24.

Foods

Strontium 90 widespread (News briefs). Dec., 17.

Foreign countries

Danger tags vital (Canadian emphasis) (News briefs). Nov., 19.
Description of conditions in Russian factories in 1936, and at present.
July, 127.
Report from India (The safety valve). Sept., 8.
Telling the people (Canadian Broadcasting System interviewed NSC Congress delegates and NSC staff for future programs). Dec., 30.
Visitors from abroad at Congress. Dec., 23.

Foremen

Association backs safety training (Small bus. and assns.). Oct., 164.
Attitudes and accidents (Hannafor). Nov., 22.
New safety guide for supervisors (Small bus. and assns.). Oct., 162.
Safety training for foremen (Arm and Griffin). (ASSE Jour., Nov., 50).
Selection, placement, training (NSC member survey). Sept., 75.

Forest fires

Forest fires held to record low in 1957 (Wire from Washington). July, 122.

Forging

Standards committee recommended reaffirmation of ASA code B24.1-1952. Dec., 92.

Fox, R. L.

Their toughest construction job. Nov., 20.

Gallivan, John N.

Realistic medical evaluations. Dec., 32.

Gartner, Robert F.

Let's help our teen-age rocketeers. Aug., 30.

Gases - Compressed

Blow torches and plumbers' furnaces (Data sheet D-470). Nov., 45.
Gaseous oxygen (Data sheet D-472). Dec., 37.

Gases - Compressed (cont'd)

Inert gas shielded arc welding (Data sheet D-469). Sept., 38.
L-P gas failures (Fire briefs). July, 44.
Safety in handling, storing and using LP gas (Ponton). (ASSE Jour., Aug., 39).

Gasoline

Blow torches and plumbers' furnaces (Data sheet D-470). Nov., 47.
Gasoline in car trunk (Congress quotes). Nov., 143.

General Electric Company

Six plans for survival (Metz). Oct., 104.

Gidel, Robert D.

Fatback. July, 19; Collectors item. Aug., 29; "Reet." Sept., 27; Don't quote me. Oct., 111; Some stuff. Nov., 23; Double standard. Dec., 33.

Glass and glass industry

Eye cataracts from infrared radiation (Consultation corner). Dec., 85.
Fibrous glass dust (Industrial health). Oct., 150.
Impact test on glass (Pippin). (ASSE Jour., Aug., 34).

Goggles

Compulsory vs voluntary goggle program (Consultation corner). Sept., 12.
Eye protection at a high speed lathe. Nov., 33.
Our guide to real eye protection (O'Neil). Oct., 175.
Seeing eyes on the job (Potter). Nov., 44.
Two Washington Natural Gas Company employees become members of the Seattle Wise Owl Club (Around the compass). Aug., 17.

Golden Shoe Club

New club to promote foot protection. Dec., 102.

Goldstine, Edgar N.

Prepared discussions on safety training for foremen. (ASSE Jour., Nov., 58).

Griffin, Glenn F. and David L. Arm

Safety training for foremen. (ASSE Jour., Nov., 50).

Guards

Looking over the plastics (Yarnall). Oct., 108.
See also Interlocks.

Guided missiles - Interlocks

They guard the danger spots (key interlock system). Nov., 65.

Hammers

Powerful helpers, portable electric tools. Sept., 26.
Spalling of hand hammers (McIntire). Oct., 114.

Handicapped persons

Film on handicapped has premiere (Off the job). Nov., 57.
Realistic medical evaluations (Callivan). Dec., 32.
Safety for our senior citizens (Paper). Aug., 115.

Handling material

Device for holding and turning turbine drive unit. Nov., 35.
Dolly helps charge batteries (Ideas that worked). Nov., 40.
Gaseous oxygen (Data sheet D-472). Dec., 39.
Muscle-moving and science (Congress quotes). Nov., 141.
Open wood pallets fire hazard to storage. July, 57.
Preventing back injuries (Consultation corner). Aug., 33.
Roller moves tailstock (Ideas that worked). Sept., 35.
Save your back (Congress quotes). Nov., 16.
Short guide to material handling. Oct., 143.
See also Trucks.

Hannaford, Earle S.

Attitudes and accidents. Nov., 22.

Head protection

Between noise and ears. Sept., 26.
Air trapped in hard hat saves buried worker. Sept., 97.
Hard sell for hard hats (Congress quotes). Nov., 16.
Looking over the plastics (Yarnall). Oct., 108.
Their toughest construction job (Fox). Nov., 134.
See also Goggles.

Health

Give immunization cards for tetanus, doctor urges. Oct., 206.
Industrial health, abstracts of current literature on occupational hygiene, medicine, and nursing (Alpaugh). Aug., 48; Sept., 31; Oct., 150; Nov., 54.
Preventing back injuries (Consultation corner). Aug., 33.
Safety for our senior citizens (experience of U. S. Soldiers' Home) (Paper). Aug., 20.
What's been going on in Washington? A summary of the year's activities in safety (Wire from Washington) (Rosenfield). Dec., 46.
X-ray case-finding programs in tuberculosis control (Industrial health). Sept., 31.

Health - Supervision in industry

International Labor Conference's recommendation defines functions of occupational health service (Wire from Washington). Aug., 14.
Senate plans hearing on railroad safety to consider ICC authority requiring periodic physical examinations of engineers, firemen (Wire from Washington). Nov., 8.

Health hazards

Beryllium poisoning (Industrial health). Nov., 54.
Bromine (Data sheet D-313, revised). Oct., 119.
Diesel dermatitis--case history report (Industrial health). Sept., 31.
Electrostatic paint spraying and detearing (Data sheet D-468). Aug., 37.
Epoxy resin dermatitis (News briefs). Dec., 17.
Hygiene surveys (Industrial health). Oct., 150.
Legislative developments--workmen's compensation (Industrial health). Oct., 156.
Preventing back injuries (Consultation corner). Aug., 33.
Radiant heat (Industrial health). Nov., 54.
Solvents--safety and otherwise (Poliakoff). Sept., 32.
See also Noise

Heat

Eye cataracts from infrared radiation (Consultation corner). Dec., 85.
Radiant heat (Industrial health). Nov., 54.

Highways

Wire from Washington (Rosenfield). July, 120; Sept., 14; Oct., 12; Nov., 8; Dec., 36.

Holidays

Holiday spirit(s) (The safety valve). Dec., 10.
Scouts plan for holiday Good Turn (Around the compass). Oct., 223.
Those office parties. Dec., 21.
Traffic fatalities on national birthdays of U.S.A. and Canada (The safety valve). Aug., 6.
We need Christmas (editorial). Dec., 6.

Home safety

The accident barometer. July, 6; Aug., 46; Oct., 8; Nov., 58; Dec., 12.
Breaking par on the safety course. Nov., 123.
Fire program kit available (Around the compass). Nov., 60.
Industries urged to participate in home safety inventory (Off the job).
Sept., 42.
Louisiana Council prepares leaflet (Around the compass). Nov., 60.
Relax in safety (Off the job). Sept., 42.
Safety for our senior citizens (Paper). Aug., 20.
Snake oil again (Fire briefs). July, 44.
Southern safety council managers meet at conference (Around the compass).
Aug., 110.
Tragic facts, about 95,000 accidental deaths (Recht). Sept., 70.
Wood shingle comeback try (Fire briefs). July, 44.

Hospitals

Gaseous oxygen (Data sheet D-472). Dec., 38.
Keeping floors spark-free (Brenn). Dec., 28.

Human body

No spare parts (News briefs). Sept., 17.

Ideas that worked (Kelly). Aug., 34; Sept., 34; Oct., 116; Nov., 40;
Dec., 34.

Industrial health, abstracts of current literature on occupational hygiene,
medicine, and nursing (Alpaugh). Aug., 48; Sept., 31; Oct., 150; Nov.,
54.

Industrial safety

Human behavioral studies can help us educate for safety (Steers). Oct.,
184.
Occupational safety goals of a free society (Cordiner). July, 16.
Says total environment is safety's frontier (Seymour). Oct., 205.
Wire from Washington (Rosenfield). July, 12; Aug., 14; Sept., 14;
Oct., 12; Nov., 8; Dec., 44.

Industrial safety - Courses, see Training.

Infrared

Eye cataracts from infrared radiation (Consulation corner). Dec., 85.
Inert gas shielded arc welding (Data sheet D-469). Sept., 37.

Inspection

Abrasion wrecks wire rope, here's how to prolong its life. Dec., 26.
Breaking par on the safety course. Nov., 122.
Their toughest construction job (Fox). Nov., 135.

Interlocks

Chuck key (Ideas that worked). Aug., 35.
Pressure-sealed locks guard atomic plant. Nov., 42.
They guard the danger spots. Nov., 38.

International field of safety, see Conferences - International; Foreign countries.

Investigation of accidents

Prepared discussions of safety training for foremen (Ostrewich). (ASSE Jour., Nov., 59).
Safety training for foremen (Arm and Griffin). (ASSE Jour., Nov., 53).

Inventory - see National Safety Council - Inventories

Job instruction

Safety training for foremen (Arm and Griffin). (ASSE Jour., Nov., 53).

Johnson, Harry

Off the job (safety programs for plant and community). July, 102; Sept., 42;
Oct., 155; Nov., 57; Dec., 64.

Jose, Horace S.

Fire chief's camera shoots local blazes. Oct., 180.

Karp, William and E. M. Comproni

Those versatile radioisotopes. Oct., 110.

Kelly, Arthur S.

Ideas that worked. Aug., 34; Sept., 34; Oct., 116; Nov., 40; Dec., 34.

Kerosene

Blow torches and plumbers' furnaces. Nov., 49.

Key interlock system

They guard the danger spots. Nov., 38.

Labor

Hazardous occupations orders amended. Dec., 49.

Laboratories

Another man's poison (News briefs). Sept., 17.
Fire problem licked by Lederle. Oct., 102.
Open new lab for corrosion research. July, 108.

Ladders

- Horrible example (Voice of the reader). Aug., 10.
- Light metal ladders (Voice of the reader) (Lamberg). Oct., 148.
- Metal ladder misuse (News briefs). Dec., 17.
- They guard the danger spots. Nov., 38.

Larke, Alfred G.

- Trade associations aid industry (Small bus. and assns.). Aug., 42.

Lateiner, Alfred

- Safety alibis. July, 96.

Leadership

- Locking for a leader? (editorial). Aug., 4.

Legislation

- Wire from Washington (Rosenfield). Monthly department.

Letters

Fire problem licked by Lederle. Oct., 102.

Pipes

Corrosion of buried metal, a summary of 45 years of research by the National Bureau of Standards. Nov., 30.
Perils in a winter wonderland. Nov., 120.

Pippin, C. A.

Impact test on glass. (ASSE Jour., Aug., 34).

Plastics

Burning plastics--toxic gases (Congress quotes). Nov., 144.
Looking over the plastics (Yarnall). Oct., 108.
Safe, attractive plastic (News briefs). Nov., 19.
Toxic decomposition products (News briefs). Nov., 19.

Plumbers' furnaces

Blow torches and plumbers' furnaces (Data sheet D-470). Nov., 45.

Poliakoff, Melvin Z.

Solvents--safety and otherwise. Sept., 32.

Ponton, Grover W.

Safety in handling, storing and using IP gas. (ASSE Jour., Aug., 37).

Post Office

For flagging interest (Ideas that worked). Dec., 34.

Posters

ABC's of poster distribution. Oct., 152.

Posters (cont'd)

Safety posters. July, 112; Aug., 102; Sept., 82; Oct., 196; Nov., 127; Dec., 74.

Selection, placement, training (NSC member survey). Sept., 77.

Potter, J. A.

Seeing eyes on the job. Nov., 44.

Power presses

Chuck key (Ideas that worked). Aug., 35.

Die lifting made easy (Ideas that worked). Aug., 34.

Prayers

Motorist's prayer (The safety valve). Aug., 6.

Pressures

Air pressure in oil drums (Consultation corner). Oct., 168.

Pressure-sealed locks guard atomic plant. Nov., 42.

See also Gases - Compressed.

Programs, see Organization; Small plants.

Psychology

Attitudes and accidents (Hannaford). Nov., 22.

Human behavioral studies can help us educate for safety (Steers). Oct., 184.

Overworked phrase (Congress quotes). Nov., 145.

Safety training for foremen (Arm and Griffin). (ASSE Jour., Nov., 54).

Short articles on human relations, and attitudes (Gidel). July, 19;

Aug., 29; Sept., 27; Oct., 111; Nov., 23; Dec., 33.

Public safety

AEC assures of safety in regard to accidental detonation of atomic bombs, and also in shipment of nuclear material (Wire from Washington). Nov., 8.

Chautauqua Scouts were prepared. Aug., 26.

Civilian Committee on Safeguards for Army Air defense Weapons set up (Wire from Washington). Nov., 8.

Condition Red, traffic alerts in Illinois (Around the compass). Sept., 36.

Information Kit for speakers and writers on traffic safety (Around the compass). Sept., 36.

New Jersey polls drivers (Around the compass). July, 63.

Secretary of Health, Education and Welfare urges increased funds to protect the public from radiation (Wire from Washington). Nov., 8.

Snake oil again (Fire briefs). July, 44.

State and local news (Around the compass). Sept., 36.

Quotations

Congress quotes. Nov., 16.

Don't quote me! (some famous "last" words) (Gidel). Oct., 111.

Safety alibis (Lateiner). July, 96.

Radiant heat

Radiant heat (Industrial health). Nov., 54.

Radiation

AEC assures of safety in regard to accidental detonation of atomic bombs, and also in shipment of nuclear material (Wire from Washington). Nov., 8.

Air contamination watched (News briefs). Sept., 17.

Alpha radiation hazard (News briefs). Nov., 19.

Announce standard on isotope safety. Oct., 191.

Card reports of radiation exposure distributed at Hanford. Oct., 190.

Eye cataracts from infrared radiation (Consultation corner). Dec., 85.

The first criticality accident in a processing plant occurred at Oak Ridge, June 16, 1958. (ASSE Jour., 62). (footnote)

Inert gas shielded arc welding (Data sheet D-469). Sept., 37.

Joint Atomic Energy Commission to hold radiation safety hearings on disposal, hazards, and compensation, federal-state relationships (Wire from Washington). Aug., 14.

Protection program for radiation sources (Industrial health). Nov., 56.

Radiation is here to stay (McAdams). Aug., 18.

Radiation studied as public health problem (Industrial health). Aug., 48.

Secretary of Health, Education and Welfare urges increased funds to protect the public from radiation (Wire from Washington). Nov., 8.

Strontium 90 widespread (News briefs). Dec., 17.

Their toughest construction job (Fox). Nov., 135.

They guard the danger spots. Nov., 38.

Those versatile radioisotopes (Compton and Karp). Oct., 110.

What's been going on in Washington? (Rosenfield). A summary of the year's activities in safety (Wire from Washington). Dec., 46.

Radiation - Regulations

AEC forbids licensees from treating or disposing of nuclear material by incineration without AEC approval (Wire from Washington). Sept., 14.

Seven states have adopted radiation protection codes (News briefs).

Aug., 59.

The State of Michigan adopted regulations to protect the public and special workers against over-exposure to ionizing radiation (News briefs). Aug., 59.

Radiation is here to stay. Aug., 120.

Those versatile radioisotopes (Compton and Karp). Oct., 110.

Radio and television

Ready to flash emergency messages. Oct., 208.

Voice of America broadcaster, Boris Brodenow, at the 1958 NSC Congress. Dec., 92.

Weather-warning wireless (News briefs). Nov., 19.

Railroads

Fifteen railroads win Harriman awards. Oct., 186.

ICC issued regulations pursuant to the Power of Train Brakes Safety Appliance Act of 1958 (Wire from Washington). July, 12.

Improvement in accident record of all linehaul, switching and terminal railroads (Wire from Washington). Sept., 14.

Senate plans hearing on railroad safety to consider ICC authority requiring periodic physical examinations of engineers, firemen (Wire from Washington). Nov., 8.

Railroads (cont'd)

Tragic facts, about 95,000 accidental deaths (Recht). Sept., 72.
Watch those rail spurs! July, 46.

Recht, J. L.

Tragic facts, about 95,000 accidental deaths. Sept., 20.

Research

Corrosion of buried metal, a summary of 45 years of research by the National Bureau of Standards. Nov., 30.

Let's help our teen-age rocketeers (Gartner). Aug., 30.

The need for a theoretical framework in the study of accidents (Rockwell). (ASSE Jour., Aug., 45).

Open new lab for corrosion research. July, 108.

Spalling of hand hammers (McIntire). Oct., 114.

Study disposal of radioactive wastes. Nov., 102.

What's been going on in Washington? (Rosenfield). A summary of the year's activities in safety (Wire from Washington). Dec., 36.

Restaurant industry

Hamburger--without hazards (Carroll). Nov., 36.

Tent cards (Ideas that worked). Nov., 40.

Rewards, see Awards

Rochlin, Robert S.

Announce standard on isotope safety. Oct., 191.

Rocketry

Let's help our teen-age rocketeers (Gartner). Aug., 30.

Rockwell, Thomas H.

The need for a theoretical framework in the study of accidents. (ASSE Jour., Aug., 45).

Rope - Wire

Abrasion wrecks wire rope, here's how to prolong its life. Dec., 26.

Wire rope inspection--How? When? (Consultation corner). Nov., 52.

Rosenfield, Harry N.

Wire from Washington. July, 12; Aug., 14; Sept., 14; Oct., 12; Nov., 8; Dec., 36, (a summary of the year's activities in safety).

Rule books - use of

Selection, placement, training (NSC member survey). Sept., 77.

Safety alibis

Safety alibis (Lateiner). July, 96.

Safety education

Booklet evaluates school safety materials. Oct., 194.

Human behavioral studies can help us educate for safety (Steers). Oct., 184.

The safety library (Parks). July, 98; Aug., 8; Sept., 44; Oct., 170; Nov., 96; Dec., 68.

Safety movement - U.S.

Forty years ago--victory in sight. Oct., 99.

Indiana holds governor's conference (Around the compass). Nov., 60.

Legislative conferences set for fall (Around the compass). Oct., 166.

Legislative developments--workmen's compensation (Industrial health). Oct., 156.

Multipliers for safety (Stewart). Dec., 18.

Occupational safety goals of a free society (Cordiner). July, 16.

Safety movement - U. S. government

H. J. Res. 221, passed by the Senate (Wire from Washington). Sept., 14.

Radiation studied as public health problem (Industrial health). Aug., 48.

S. 3880 to create a Federal Aviation Agency passed by Senate and House in amended form (Wire from Washington). Sept., 14.

Senate Committee reports favorably on Federal Coal Mine Safety Act amendment S. 3290 (Wire from Washington). Sept., 14.

Surgeon General calls air pollution conference. Nov., 140.

What's been going on in Washington? (Rosenfield). A summary of the year's activities in safety (Wire from Washington). Dec., 42.

X-ray case-finding programs in tuberculosis control (Industrial health). Sept., 31.

Safety queens

A safety queen at North Carolina's industrial safety conferences (Around the compass). July, 8.

Safety stunts

Chautauqua Scouts were prepared. Aug., 26.

Do it with mirrors (Ideas that worked). Aug., 34.

The safety valve (Fish). Aug., 6; Sept., 8; Oct., 4; Dec., 10.

Salamanders

Perils in a winter wonderland. Nov., 118.

Sanders

Powerful helpers, portable electric tools. Sept., 96.

Sanitation

Industry lists sanitation problems. Oct., 189.

Saul, Jim

News briefs. Sept., 17; Oct., 16; Nov., 19; Dec., 17.

Saws

Powerful helpers, portable electric tools. Sept., 96.

Scaffolds

Scaffolds for building demolition. Aug., 36.

Their toughest construction job (Fox). Nov., 134.

Scientists

Study disposal of radioactive wastes. Nov., 102.

Sensory processes - Relation to driving

Operations analysis of traffic safety, a classification of traffic situations (Platt). (Research Review). Dec., 19.

Seymour, William H.

Says total environment is safety's frontier. Oct., 205.

Sheppard, Paul E.

Crane contacts can kill, but they can be avoided. Oct., 123.

Shoes

How the Navy protects its feet (Turnbull). July, 18.

Keeping floors spark-free. Dec., 28.

New club to promote foot protection. Dec., 102.

Safety shoe display (Ideas that worked). Nov., 41.

Scratch two toe caps (News briefs). Nov., 19.

Signs and signals

Danger tags vital (News briefs). Nov., 19.

A real flashy warning device (Ideas that worked). Aug., 35.

Sign chases accidents (Ideas that worked). Sept., 35.

Simonds, R. H.

Discussion of conclusions reached by Dr. Simonds on ratio of insured to uninsured costs. (Consultation corner). Aug., 33.

Small plants

Do 70 per cent of accidents happen in small plants? (Small bus. and assns.). July, 42.

More on surveys (Small bus. and assns.). Oct., 162.

New safety guide for supervisors (Small bus. and assns.). Oct., 162.

Reaching small business (Small bus. and assns.). Dec., 14.

Seeing eyes on the job (Potter). Nov., 44.

Selection, placement, training (NSC member survey). Sept., 19.

Small business and associations (Baltzer and Curry). Monthly department.

What's behind an association program? (Small bus. and assns.). July, 42.

Smith, L. C.

Consultation corner. Aug., 33; Sept., 12; Oct., 168; Nov., 52; Dec., 85.

Smoking

U. S. fire losses reach new peak. Nov., 106.

Where there's smoke. July, 40.

Snakes

Reader straightens us out on snakes (Voice of the reader). July, 59.

Snow and ice - Removal methods

Perils in a winter wonderland. Nov., 119.

Solon, Leonard R.

Nuclear safety considerations in the processing of fissionable material. (ASSE Jour., Nov., 61).

Solvents

Blow torches and plumbers' furnaces (Data sheet D-470). Nov., 45.
Gasoline in car trunk (Congress quotes). Nov., 143.
Solvents--safety and otherwise (Poliakoff). Sept., 32.
Their toughest construction job (Fox). Nov., 134.
They guard the danger spots. Nov., 39.

Soughton, Fred O.

Prepared discussions on safety training for foremen. (ASSE Jour., Nov., 60).

Sound

Silent sound chases dirt. Oct., 106.

Standards

Double standard (Gidel). Dec., 33.
Prepared discussions on safety training for foremen (Soughton). (ASSE Jour., Nov., 60).
Publications given state code status. July, 61.

Static electricity

Keeping floors spark-free (Brenn). Dec., 28.
Solvents--safety and otherwise (Poliakoff). Sept., 88.
Tailored for safety. Oct., 142.

Steers, D. Kenneth

Human behavioral studies can help us educate for safety. Oct., 184.

Stewart, George C.

Multipliers for safety. Dec., 18.
President Eisenhower and Gen. George C. Stewart at the Congress banquet.
Dec., 23.
Summary of the report of year's activities. Nov., 24.

Storms

Sequel to disaster. Oct., 14.

Strontium 90

Air contamination watched (News briefs). Sept., 17.
Strontium 90 widespread (News briefs). Dec., 17.

Suggestion systems

Selection, placement, training (NSC member survey). Sept., 78.

Tanks and drums

Air pressure in oil drums (Consultation corner). Oct., 168.
Bromine (Data sheet D-313, revised). Oct., 120.
Color-coded domes (News briefs). Dec., 17.
Safety in handling, storing and using LP gas (Pontor). (ASSE Jour., Aug., 38).
They guard the danger spots. Nov., 64.

Textile

Tailored for safety. Oct., 113.

Tools

No spare parts (News briefs). Sept., 17.
Perils in a winter wonderland. Nov., 119.
Powerful helpers, portable electric tools. Sept., 24.
Spalling of hand hammers (McIntire and Manning). Oct., 114.
Tool-safety film produced. Oct., 154.

Torches

Blow torches and plumbers' furnaces (Data sheet D-470). Nov., 45.

Traffic

Civic support needed for safe highways (Around the compass). July, 8.
Detroit gets data on expressways (Around the compass). July, 8.
Flick-Reedy hits off-job accidents. Aug., 22.
H. J. Res. 221, passed by the Senate (Wire from Washington). Sept., 14.
Indiana holds governor's conference (Around the compass). Nov., 60.
Information kit for speakers and writers on traffic safety (Around the compass). Sept., 36.
Legislative conferences set for fall (Around the compass). Oct., 166.
Traffic fatalities on national birthdays of U.S.A. and Canada (The safety valve). Aug., 6.
Wire from Washington (Rosenfield). July, 120; Sept., 14; Oct., 12; Nov., 8; Dec., 36.

Training

Air Force's Fire Fighting and Crash Rescue School training techniques.
July, 71.
Association backs safety training (Small bus. and assns.). Oct., 164.
Industry's fire fighters go to school. July, 26.
New safety guide for supervisors (Small bus. and assns.). Oct., 162.
Prepared discussions on safety training for foremen (Dickinson). (ASSE Jour., Nov., 57).
Prepared discussions on safety training for foremen (Goldstine). (ASSE Jour., Nov., 58).
Prepared discussions of safety training for foremen (Ostrewich). (ASSE Jour., Nov., 59).
Prepared discussions of safety training for foremen (Soughton). (ASSE Jour., Nov., 60).
Safety in handling, storing and using LP gas (Ponton). (ASSE Jour., Aug., 42).
Safety Training Committee proposed a home study course in safety for industrial supervisors. Dec., 92.
Safety training for foremen (Arm and Griffin). (ASSE Jour., Nov., 50).
Selection, placement, training (NSC member survey). Sept., 18.
Six plans for survival (Metz). Oct., 104.
See also Conferences; Visual education.

Transit industry

Breaking par on the safety course. Nov., 34.

Trucks

Selection, placement, training (NSC member survey) Sept., 80.
Steering wheel knobs for fork lift trucks (Consultation corner). Oct., 168.
Truck for safe transportation of compressed gas cylinders (illus. in Data sheet D-472 on Gaseous oxygen). Dec., 40.

Turnbull, Alan

How the Navy protects its feet. July, 18.

Ultrasonic cleaning

Silent sound chases dirt. Oct., 106.

Ultraviolet radiation

Inert gas shielded arc welding (Data sheet D-469). Sept., 37.

Underwriters' Laboratories

Keeping floors spark-free (Brenn). Dec., 28.

United States military services

Air Force's Fire Fighting and Crash Rescue School training techniques.

July, 71.

Civilian Committee on Safeguards for Army Air Defense Weapons set up
(Wire from Washington). Nov., 8.

How the Navy protects its feet (Turnbull). July, 18.

John A. Batley, Jr., retires (biography gives information about the Ordnance
Corps) (Personals). Nov., 138.

Safety for our senior citizens (Paper). Aug., 20.

Valves

Gaseous oxygen (Data sheet D-472). Dec., 37.

Safety in handling storing and using LP gas (Fonton). (ASSE Jour., Aug.,
38).

Visitors

Their toughest construction job (Fox). Nov., 136.

Visitors from abroad at Congress. Dec., 23.

Visual education

Film on handicapped has premiere (Off the job). Nov., 57.

Fire chief's camera shoots local blazes. Oct., 180.

Hamburger--without hazard (Carroll). Nov., 36.

Selection, placement, training (NSC member survey). Sept., 19.

Slides from slidefilm? (Consultation corner). Nov., 52.

Tent cards (Ideas that worked). Nov., 40.

Tool-safety film produced. Oct., 154.

See also Cartoons; Exhibits; Posters.

Waste

AEC forbids licensees from treating or disposing of nuclear material by
incineration without AEC approval (Wire from Washington). Sept., 14.

National Conference on Air Pollution to set up 10-year plan of action
in research and control activities on air and water pollution (Wire
from Washington). Nov., 8.

Study disposal of radioactive wastes. Nov., 102.

Watchmen

Perils in a winter wonderland. Nov., 116.
